BASKETBALL HOOPS

Rings consist of heavy duty 16mm solid hoop with net clips welded in place and are powder coated finished.

Fixed Hoop

Bolts directly onto backboard with strong support bracket. Code BB FX

Removable hoop

Easily removed. Ideal where security or vandalism is an issue with a custom support bracket. Optional handle to safety remove. Code BB RE

Bolt on Double Hoop

Designed for high vandalism areas, the double ring gives more strength. Ideal for outlying parks or schools. Code BB FX2D

Sprung Breakway Hoop

Concealed sprung mechanism enclosed for safety and appearance. Code BB SP

FIBA Basketball Hoop

Tube tie net system requires no net clips; the net fits onto wire, a thicker 20mm solid rod option. Code FIBA

Safety Tube Clip Hoop

The tube clip net attachment system improves player safety by eliminating conventional clips. Code FXT
