

BASKETBALL FOLD BACK SYSTEM

HotShot Basketball fold back systems are designed to fold flat against the wall and then lock into place when not in use. Ideal for multi code areas. You can choose a system from 0-4m outreach, from wall to backboard. Folding back is effortless with an extension handle that attaches to the bottom of the board.

Key Features

- off-set hinges to allow the unit to fold flat against a wall
- telescopic backstop locking brace with spring release cord that attaches to the wall
- comes standard with a heavy duty bolt on hoop which can be upgraded to a sprung hoop
- the unit can be made right to left or left to right (please state when ordering)
- backboards options available 1050 x 1800m or 1200x900m glass, steel or plywood
- note: safety support cables are required for outreaches from 2-4m
- made to order; price excludes shipping
