

FREESTANDING SOCCER GOALS

Senior and Youth Aluminium Goals

Using HotShot unique non-welded corners, these goals are designed for strength and can be disassembled for storage if needed. They are easily moved and can be supplied with either turf anchors or synthetic surface anchors which double as security.

- All units have a white powder finish, top quality joints, lightweight extrusion, and wheels so they can be easily moved by two people. Support rails bolt into place
- Supplied with 2.5mm twisted net, and European plastic quick-release clips
- In addition, 2 safety anchors, winder handle (padlock not included), and retractable cables that double as security
- Goals can be manufactured to your specifications
- Optional Extra SG01 AF Synthetic surface anchor

Installation instructions supplied
