

TENNIS NETS

The HotShot advantage

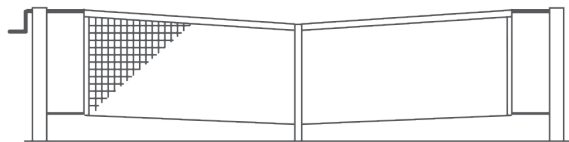

HotShot Nets are easy to fit with no tools required and come complete with instructions

All nets are treated with UV and mildew inhibitors to offer maximum resistance against the elements

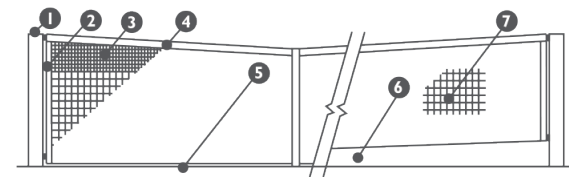

Choosing the right net

• Full width nets are for use with internal winder posts; our full width models are TN-A, TN-C and TN-D

• Nets with polyester top bands last longer than PVC top bands in hot and sunny conditions

EXTERNAL WINDER

INTERNAL WINDER

HOTSHOT NET FEATURES

- | | |
