

# TENNIS POSTS

## EASY TO INSTALL

The HotShot Tennis Post offers easy installation across the entire range.

- designed to international standards
- all posts come ready to install including non-rusting polyethylene ground sleeves
- all HotShot post are removable
- all models fit the standard ground sleeve and are interchangeable

## EASY FIT NETS

Our TPI & 3 posts have quick-release removable cable rollers for use with HotShot double ended loop net cables.

- all HotShot nets can be quickly released using the handle only with no tools needed
- TPI & 3 series posts use a removable roller for net installation that meets international height standards

To match your posts with the right net, see our 'Tennis Net Guide'.
